

# The 'Good' Death: Meaning & Decision-Making at End-of-Life

## Last Rights

## Last Rites

*We cannot create miracles, but we can create  
the space where miracles can occur.*

This presentation demonstrates how the arts challenge, instruct, and literally buttress us in our endeavor to stay present with another's suffering and to better understand our own. Changing perspectives on autonomy, assisted death, and the healing power of hope, humor and grief will be illustrated.
